Page theme default light dark

Condyle is a small, ransacked village in western Velen. It is accessible via the road leading southwest from Midcopse, and also has a fast travel marker.

The village and its surrounding area is inhabited by cannibals, feared even by pirates to the north, and they've established multiple bandit camps in the area, with their main base just east of the village.

After clearing the village and some time, villagers include a local herbalist will return.

Map description

This village has been completely and utterly destroyed. Rumors claim its inhabitants perished in a gruesome massacre.

Notes

- A cooking recipe was supposed to be found in the cannibals' camp to the east, but for unknown reasons doesn't appear during gameplay.
